

# Material Safety Data Sheet

## 1. SUBSTANCE IDENTIFICATION/ PREPARATION AND COMPANY DETAILS

Product Name: Shower & Bathroom Cleaner

Supplier: CC Products

ACN:

Street Address: 30-32 Boileau Street Keysborough VIC 3173  
Australia

Telephone: (03) 97016055

Facsimile: (03) 97015474

## 2. HAZARDS IDENTIFICATION

This product is NOT classified as hazardous according to the criteria of Work Safe Australia.

Shipping Name: Not applicable

UN No: Not applicable    DG Class: Not applicable

Subsidiary Risk: Not applicable    Hazchem: Not applicable

Packaging Group: Not applicable    SUSDP: Not applicable

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

Other Names:

Chemical Characterisation:

Chemical Entity	CAS No	Proportion (to 100%)
Anionic and non-ionic surfactants		<1
Alkali salts		<1
Phosphate salts		<1
Organic solvents nonhazardous		<1
Water	7732-18-5	>60

**Key:** Proportion % weight/weight - V HIGH >60, HIGH 30 – 60, MED 10 – 29, LOW 1-9, V LOW < 1

**Recommended Application:** Cleans, de-scales and enables the efficient removal of soap scums and fatty deposits on all shower screens and tiles.

## 4. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear yellow liquid with faint lemon odour.

Specific Gravity: 1.02 g/cm<sup>3</sup>

pH Value: 9 – 10

Viscosity: Not applicable

Flash Point: None

Solubility: Complete

---

Product name : Shower & Bathroom Cleaner

Substance ID:  
Issued: 01.11.2003

Version: 1.1

# Material Safety Data Sheet

<b>Boiling Point:</b>	100°C
<b>Melting Point:</b>	Not applicable
<b>% Volatile:</b>	Not applicable
<b>% Free monomer:</b>	Not applicable
<b>Vapour Pressure:</b>	Not applicable
<b>Auto-ignition Temperature:</b>	Not determined
<b>Explosion Limits:</b>	Not determined
<b>Flammability Limits:</b>	Not applicable

## 5. TOXICOLOGICAL INFORMATION

No adverse health effects are expected if the product is handled in accordance with the information provided in this MSDS. Symptoms that may arise if the product is mishandled include:

<b>Ingestion:</b>	None known.
<b>Eye contact:</b>	Slightly irritating to the eyes.
<b>Skin contact:</b>	Repeated long term exposure may cause slight drying of skin.
<b>Inhalation:</b>	None known.
<b>Long term effects</b>	No reported health effects on workers in a number of countries worldwide who have had long term exposure for several years. Highly atopic persons should as a standard precaution with any material they come in contact with, take the necessary precautions their condition requires.

## 6. FIRST AID MEASURES

<b>Ingestion:</b>	Give two glasses of water and induce vomiting.
<b>Eye contact:</b>	Irrigate with large volumes of water as the product does contain mild surfactants, which could be irritating. If irritation persists see a physician.
<b>Skin contact:</b>	Irrigate with water after contact as the hygiene standard.
<b>Inhalation:</b>	Not relevant.
<b>First Aid Facilities:</b>	Access to clean running water as standard procedure. As with all chemicals, attention and consideration should be given to it's use, method of application, storage and handling to minimise all potential risks.
<b>Advice to Doctor:</b>	None. Treat symptomatically based on the individual reaction of patient.

## 7. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Occupational Exposure Limits:** Wearing of rubber gloves during extended or prolonged periods of exposure will dispel any possibility of the slight defatting of the skin. Wearing of chemical splash goggles or face shields is a suggestion as a precaution wherever the possibility exists for foreign bodies to enter the eyes.

**Engineering Control Measures:** None. Product is considered stable.

**Personal protective equipment:** Wearing of rubber gloves during extended or prolonged periods of exposure will dispel any possibility of the slight defatting of the skin. Wearing of chemical splash goggles or face shields is a suggestion as a precaution wherever the possibility exists for foreign bodies to enter the eyes.

# Material Safety Data Sheet

**Industrial Hygiene:** Do not eat, drink or smoke whilst handling. Always wash hands after using the product. Proper standards of industrial hygiene should be practised at all times.

**Flammability:** Not flammable under conditions of use.

## 8. ECOTOXICOLOGICAL INFORMATION

Avoid contaminating waterways.

## 9. HANDLING AND STORAGE

No special storage and transport requirements necessary.

## 10. ACCIDENTAL RELEASE MEASURES

Flush area with water as product may make floor slippery.

## 11. DISPOSAL CONSIDERATIONS

Dispose of any split material should always take place in accordance with local, State & Federal regulations.

## 12. FIRE-FIGHTING MEASURES

**Fire/Explosion hazard:** Not combustibile. Product is stable and hazardous polymerization will not occur.

**Fire fighting equipment:** Not applicable.

## 13. REACTIVITY DATA

**Decomposition:** Not applicable.

**Polymerisation:** Polymerisation will not occur.

## 14. OTHER INFORMATION

All information contained in this bulletin is as current and accurate as possible. The company reserves the right to alter formulations and specifications as necessary. As CC Products cannot control or envisage the conditions that this information is used under, we recommend that each user review the information contained for their specific end use. We will not be responsible for any damages of any type resulting from use of or reliance on the information. No expressed or implied warranties are given apart from those implied by mandatory legislation.
